PENN CAPITAL MID CAP CORE FUND FUND SUMMARY (UNAUDITED)

This chart assumes a hypothetical initial gross investment of \$10,000 made on November 30, 2015, inception of the Institutional Class shares. Returns shown in the chart and table include the reinvestment of all dividends, but do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. In the absence of fee waivers and reimbursements, when they are necessary to keep expenses at the expense cap, total return would be reduced. Past performance is not predictive of future performance. Investment return and principal value will fluctuate so that your shares, when redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than that shown. To obtain performance current to the most recent month-end please call 844-302 PENN (7366) or visit www.penncapitalfunds.com. Index returns do not reflect the effects of fees, transaction costs or expenses. It is not possible to invest directly in an index.

The Bloomberg US 2000 Index is a float market-cap-weighted benchmark of the lower 2,000 companies in capitalization of the Bloomberg US 3000 Index.

Gross Expense Ratio: 1.73%, Net Expense Ratio: 1.09%, per the most recent Prospectus dated December 31, 2023.j6

⁽¹⁾ Inception date is 12/17/15.

⁽²⁾ The return shown for the Bloomberg US 2000 Index is from the inception date of the Institutional Class shares.

THE RBB FUND TRUST DISCLOSURE OF FUND EXPENSES (UNAUDITED) FOR THE PERIOD FROM SEPTEMBER 1, 2023 TO FEBRUARY 29, 2024

Cost in Dollars of a \$1,000 Investment

The examples below are intended to describe the fees and expenses borne by shareholders during the six-month period from September 1, 2023 to February 29, 2024, and the impact of those costs on your investment.

Example

As a shareholder of a Fund, you incur two types of costs: (1) transaction costs and (2) ongoing costs, including management fees and other Fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in a Fund and to compare these costs with the ongoing costs of investing in other mutual funds. These examples are based on an investment of \$1,000 made at the beginning of the six-month period and held for the entire period from September 1, 2023 to February 29, 2024.

These examples illustrate your Fund's ongoing costs in two ways:

Actual Expenses

The second and third data columns in the accompanying table provide information about actual account values and actual expenses. You may use the information in these columns, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by 1,000 (for example, an 8,600 account value divided by 1,000 = 8.6), then multiply the result by the number under the heading entitled Expenses Paid During Period to estimate the expenses you paid on your account during this period.

Hypothetical Examples for Comparison Purposes

The fourth and fifth data columns in the table below provide information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not a Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balances or expenses you paid for the six-month period shown. You may use this information to compare the ongoing costs of investing in a Fund with the ongoing costs of investing in other funds. To do so, compare these 5% hypothetical examples with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees. Therefore, the fourth and fifth data columns of the table are useful in comparing ongoing costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

| | Beginning Account Value September 1, 2023 | Ending Account Value February 29, 2024 | nses Paid g Period ⁽²⁾ | Annualized Expense Ratio ⁽³⁾ | Actual Six-Month Total Investment Returns for the Funds |
|---|---|--|--------------------------------------|--|--|
| Penn Capital Mid Cap Core Fund ⁽¹⁾ | | | | | |
| Actual | \$1,000.00 | \$1,018.40 | \$ 5.32 | 1.06% | 1.84% |
| expenses) | 1,000.00 | 1,019.59 | 5.32 | 1.06% | N/A |
| Penn Capital Opportunistic High Income Fund ⁽¹⁾ | | | | | |
| Actual | \$1,000.00 | \$1,058.80 | \$ 3.69 | 0.72% | 5.88% |
| Hypothetical (5% return before expenses) | 1,000.00 | 1,021.28 | 3.62 | 0.72% | N/A |
| Penn Capital Short Duration High Income Fund ⁽¹⁾ | | | | | |
| Actual | \$1,000.00 | \$1,043.00 | \$ 2.74 | 0.54% | 4.30% |
| Hypothetical (5% return before expenses) | 1,000.00 | 1,022.18 | 2.72 | 0.54% | N/A |
| Penn Capital Special Situations Small Cap Equity Fund ⁽¹⁾ | | | | | |
| Actual | \$1,000.00 | \$1,027.00 | \$ 5.49 | 1.09% | 2.70% |
| Hypothetical (5% return before expenses) | 1,000.00 | 1,019.44 | 5.47 | 1.09% | N/A |

⁽¹⁾ Information is for Institutional Class shares.

⁽²⁾ Expenses are equal to each Fund's annualized expense ratio, net of waivers and excluding acquired fund fees and expenses, if any, multiplied by the average account value over the period, multiplied by the number of days (182) in the most recent fiscal half-year, then divided by 366 to reflect the one-half year period.

⁽³⁾ Ratios reflect expenses waived by the Funds' investment adviser. Without these waivers, each Fund's expenses would have been higher and the ending account values would have been lower.

PIK - Payment In Kind

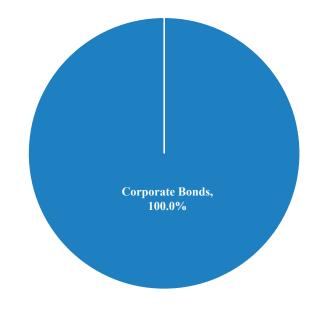

PLC - Public Limited Company

SOFR - Secured Overnight Financing Rate

- (a) Security is exempt from registration pursuant to Rule 144A under the Securities Act of 1933, as amended. These securities may only be resold in transactions exempt from registration to "qualified institutional buyers." As of February 29, 2024, the value of these securities total \$27,208,777 or 81.5% of the Fund's net assets.
- (b) The U.S. Bank Money Market Deposit Account (the "MMDA") is a short-term vehicle in which the Fund holds cash balances. The MMDA will bear interest at a variable rate that is determined based on market conditions and is subject to change daily. The MMDA interest rate as of February 29, 2024 was 3.27%.

THE RBB FUND TRUST NOTES TO THE FINANCIAL STATEMENTS FEBRUARY 29, 2024 (UNAUDITED)

1. Organization

The RBB Fund Trust (the "Trust") was organized as a Delaware statutory trust on August 29, 2014, and is registered under the Investment Company Act of 1940 (the "1940 Act"), as amended, as an open-end management investment company. Currently, the Trust has seven active investment portfolios. This report covers four series including: the Penn Capital Mid Cap Core Fund, the Penn Capital Opportunistic High Income Fund, the Penn Capital Short Duration High Income Fund, and the Penn Capital Special Situations Small Cap Equity Fund (collectively referred to as the "Funds" and each individually referred to as a "Fund"). The Funds follow the Financial Accounting Standards Board ("FASB") Accounting Standard Codification Topic 946 "Financial Services - Investment Companies".

The Penn Capital Opportunistic High Income Fund's investment objective is to seek to provide total return through interest income and capital appreciation. The Penn Capital Opportunistic High Income Fund commenced operations on November 30, 2015.

The Penn Capital Short Duration High Income Fund's investment objective is to seek to provide a high level of current income. The Penn Capital Short Duration High Income Fund commenced operations on July 17, 2017.

The Penn Capital Mid Cap Core Fund and the Penn Capital Special Situations Small Cap Equity Fund's investment objective is to seek to provide capital appreciation. The Penn Capital Mid Cap Core Fund commenced operations on November 30, 2015. The Penn Capital Special Situations Small Cap Equity Fund commenced operations on December 17, 2015.

Each Fund's investment objective is non-fundamental, and may be changed by the Trust's Board of Trustees (the "Board" or "Trustees") without shareholder approval. Unless otherwise noted, all of the other investment policies and strategies described in the Prospectus or hereafter are nonfundamental. The Penn Capital Management Company, LLC (the "Advisor" or "Penn Capital") serves as the investment advisor to the Funds.

The Trust offers Institutional Class shares for the Penn Capital Mid Cap Core Fund, the Penn Capital Opportunistic High Income Fund, the Penn Capital Special Situations Small Cap Equity Fund and the Penn Capital Short Duration High Income Fund. Institutional Class shares do not have a front-end or back-end sales charge.

The end of the reporting period for the Funds is February 29, 2024, and the period covered by these Notes to Financial Statements is the six months ended February 29, 2024 (the "current fiscal period").

2. Significant Accounting Policies

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of their financial statements. The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

A. Investment Valuation

The Funds use the following valuation methods to determine fair value as either fair value for investments for which market quotations are available, or if not available, the fair value, as determined in good faith pursuant to such policies and procedures as may be approved by the Trust's Board from time to time. The valuation of the portfolio investments of the Funds currently includes the following processes:

Portfolio securities listed on a national or foreign securities exchange, except those listed on the NASDAQ[®] Stock Market and Small CapSM exchanges ("NASDAQ[®]"), for which market quotations are available, are valued at the official closing price of such exchange on each business day (defined as days on which the Funds are open for business ("Business Day")). Portfolio securities traded on the NASDAQ[®] will be valued at the NASDAQ[®] Official Closing Price on each Business Day. If there is no such reported sale on an exchange or NASDAQ[®], the portfolio security will be valued at the most recent quoted bid price. Price information on listed securities is taken from the exchange where the security is primarily traded.

Other assets and securities for which no quotations are readily available (such as for certain restricted or unlisted securities and private placements) or that may not be reliably priced (such as in the case of trade suspensions or halts, price movement limits set by certain foreign markets, and thinly traded or illiquid securities) will be valued in good faith at fair value using procedures and methods approved by the Board. Under the procedures adopted by the Board, the Board has delegated day-to-day responsibility for fair value determinations to the Advisor, as valuation designee (the "Valuation Designee").

THE RBB FUND TRUST NOTES TO THE FINANCIAL STATEMENTS FEBRUARY 29, 2024 (UNAUDITED)

A Fund's portfolio holdings may also consist of shares of other investment companies in which the Fund invests. The value of each such investment company will be its net asset value ("NAV") at the time the Fund's shares are priced. Each investment company calculates its NAV based on the current market value for its portfolio holdings. Each investment company values securities and other instruments in a manner as described in that investment company's prospectus. The investment company's prospectus explains the circumstances under which the company will use fair value pricing and the effects of using fair value pricing.

Because a Fund may invest in foreign securities, the Fund's NAV may change on days when a shareholder will not be able to purchase or redeem Fund shares because foreign markets are open at times and on days when U.S. markets are not. Investments quoted in foreign currencies will be valued daily in U.S. dollars on the basis of the foreign currency exchange rates prevailing at the time such valuation is determined. Foreign currency exchange rates are generally determined as of the close of the New York Stock Exchange ("NYSE") (generally 4:00 p.m. Eastern time). If an event that could materially affect the value of the Fund's foreign securities has occurred between the time the securities were last traded and the time that the Fund calculates its NAV, the closing price of the Fund's securities may no longer reflect their market value at the time the Fund calculates its NAV. In such a case, the Valuation Designee may use fair value methods to value such securities.

Fixed income securities shall be valued at the evaluated bid price supplied by the Fund's pricing agent based on broker-dealer supplied valuations and other criteria, or directly by independent brokers when the pricing agent does not provide a price or the Valuation Designee does not believe that the pricing agent price reflects the current market value. If a price of a position is sought using independent brokers, the Advisor shall seek to obtain an evaluation bid price from at least two independent brokers who are knowledgeable about the position. The price of the position would be deemed to be an average of such bid prices. In the absence of sufficient broker dealer quotes, securities shall be valued at fair value pursuant to procedures adopted by the Board.

Bank loans are not listed on any securities exchange or board of trade. They are typically bought and sold by institutional investors in individually negotiated private transactions that function in many respects like an over-the-counter secondary market. This market generally has fewer trades and less liquidity than the secondary market for other types of securities. Some bank loans have few or no trades, or trade infrequently, and information regarding a specific bank loan may not be widely available or may be incomplete. Except as otherwise specified, bank loan securities shall be valued at the evaluated bid prices supplied by the Fund's pricing agent based on broker-dealer supplied valuations and other criteria, such as, issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets, or directly by independent brokers when the pricing agent does not provide a price or the Valuation Designee does not believe that the pricing agent price reflects the current market value. If a price of a position is sought using independent brokers, the Advisor shall seek to obtain a bid price from at least two independent brokers who are knowledgeable about the position. The price of the position would be deemed to be an average of such bid prices. In the absence of sufficient broker dealer quotes, securities shall be valued at fair value pursuant to procedures adopted by the Board.

Occasionally, reliable market quotations are not readily available (such as for certain restricted or unlisted securities and private placements) or securities and other assets may not be reliably priced (such as in the case of trade suspensions or halts, price movement limits set by certain foreign markets, and thinly traded or illiquid securities), or there may be events affecting the value of foreign securities or other securities held by the Funds that occur when regular trading on foreign or other exchanges is closed, but before trading on the NYSE is closed. Fair value determinations are then made in good faith in accordance with procedures adopted by the Board. Under the procedures adopted by the Board, the Board has delegated the responsibility for making fair value determinations to the Valuation Designee, subject to the Board's oversight. Generally, the fair value of a portfolio security or other asset shall be the amount that the owner of the security or asset might reasonably expect to receive upon its current sale. A three-tier hierarchy is utilized to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability and are developed based on the best information available under the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 — Prices are determined using quoted prices in active markets for identical securities.

THE RBB FUND TRUST NOTES TO THE FINANCIAL STATEMENTS FEBRUARY 29, 2024 (UNAUDITED)

- Level 2 Prices are determined using other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 Prices are determined using significant unobservable inputs (including the Funds' own assumptions in determining the fair value of investments).

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table summarizes the inputs used as of the end of the reporting period, in valuing each Fund's investments:

| Description | | | | | |
|---|------------------|------------------|---------|----------|------------------|
| Penn Capital Mid Cap Core Fund | Level 1 | Level 2 | Level 3 | | Total |
| Assets: | | | | | |
| Common Stocks | \$ 7,642,912 | \$ | \$ | | \$ 7,642,912 |
| Total Assets | \$ 7,642,912 | \$ | \$ | | \$ 7,642,912 |
| Penn Capital Opportunistic High Income Fund | Level 1 | Level 2 | | Level 3 | Total |
| Assets: | | | | | |
| Corporate Bonds | \$ | \$ 32,629,931 | \$ | | \$ 32,629,931 |
| Total Assets | \$ | \$ 32,629,931 | \$ | | \$ 32,629,931 |
| Penn Capital Short Duration High Income Fund | Level 1 | Level 2 | | Level 3 | Total |
| Assets: | | | | | |
| Corporate Bonds | \$ | \$ 18,294,259 | \$ | | \$ 18,294,259 |
| Total Assets | \$ | \$ 18,294,259 | \$ | <u> </u> | \$ 18,294,259 |
| Penn Capital Special Situations Small Cap Equity Fund | Level 1 | Level 2 | | Level 3 | Total |
| Assets: | | | | | |
| Common Stocks | \$ 45,051,996 | \$ | \$ | | \$ 45,051,996 |
| Total Assets | \$ 45,051,996 | \$ <u> </u> | \$ | <u> </u> | \$ 45,051,996 |

Refer to the Schedule of Investments for industry classifications.

During the current fiscal period, the Funds had no Level 3 transfers.

B. Investment Transactions and Related Investment Income

Investment transactions are accounted for on a trade-date basis. Interest income is recorded on the accrual basis, including the amortization of premiums and accretion of discounts on bonds held using the yield-to-maturity method. Dividend income is recognized on ex-dividend date.

Realized gains and losses on investment transactions and unrealized appreciation and depreciation of investments are reported for financial statement and federal income tax purposes on the identified cost method.

C. Expenses

Certain expenses are shared with The RBB Fund, Inc. ("RBB"), an affiliated fund. Expenses incurred on behalf of a specific class, fund or fund family of the Trust or RBB are charged directly to the class, fund or fund family (in proportion to net assets). Expenses incurred for all of the funds (such as trustee or professional fees) are charged to all funds in proportion to their average net assets of the Trust and RBB, or in such other manner as the Board deems fair or equitable.

D. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting year. Actual results could differ from those estimates.

E. Dividends and Distributions

Dividends and distributions to Shareholders are recorded on the ex-date. The Penn Capital Opportunistic High Income Fund and the Penn Capital Short Duration High Income Fund declare and distribute their net investment income, if any, monthly and make distributions of their net realized capital gains, if any, at least annually, usually in December. The Penn Capital Mid Cap Core Fund and the Penn Capital Special Situations Small Cap Equity Fund declare and distribute their net investment income, if any, annually and make distributions of net realized capital gains, if any, at least annually, usually in December.

The character of distributions made during the period from net investment income or net realized gains may differ from its ultimate characterization for federal income tax purposes. In addition, due to the timing of dividend distributions, the fiscal period in which the amounts are distributed may differ from the period that income or realized gains (losses) were recorded by each Fund.

F. Federal Income Taxes

Each Fund intends to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. If so qualified, the Funds will not be subject to federal income tax to the extent they distribute all of their net investment income and capital gains to shareholders. Therefore, no federal income tax provision is required.

The Funds evaluate tax positions taken or expected to be taken in the course of preparing their tax returns to determine whether it is more-likely-than-not (i.e., greater than 50%) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. The Funds did not record any tax provision in the current period and have no provision for taxes in the financial statements. However, management's conclusions regarding tax positions taken may be subject to review and adjustment at a later date based on factors including, but not limited to, examination by tax authorities (i.e., the last three open tax year ends, as applicable) and on-going analysis of and changes to tax laws, regulations and interpretations thereof.

G. Indemnifications

Under the Trust's organizational documents, its officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trust and each Fund. In addition, in the normal course of business, the Trust may enter into contracts that provide general indemnification to other parties. The Trust's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred, and may not occur. However, the Trust has not had prior claims or losses pursuant to these contracts and considers the risk of loss to be remote.

3. Agreements and Related Party Transactions

Investment Advisory Agreement

The Trust has entered into an investment advisory agreement with the Advisor. Under the terms of the agreement, each Fund pays the Advisor a fee, payable at the end of each month, at an annual rate, set forth in the table below, of the respective Fund's average daily net assets.

| Penn Capital Mid Cap Core Fund | 0.90% |
|---|-------|
| Penn Capital Opportunistic High Income Fund | 0.69% |
| Penn Capital Short Duration High Income Fund | 0.45% |
| Penn Capital Special Situations Small Cap Equity Fund | 0.95% |

With respect to each Fund other than the Penn Capital Opportunistic High Income Fund and the Penn Capital Short Duration High Income Fund, the Advisor has contractually agreed to waive its fees and/or pay Fund expenses so that the Funds' total annual operating expenses (excluding any acquired fund fees and expenses, taxes, interest, brokerage fees, certain insurance costs, and extraordinary and other non-routine expenses) do not exceed the amounts shown below as a percentage of each Fund's average daily net assets. With respect to the Penn Capital Opportunistic High Income Fund and the Penn Capital Short Duration High Income Fund, the Advisor has contractually agreed to waive its fees and/or pay Fund expenses so that the Fund's total annual operating expenses (including any acquired fund fees and expenses incurred by the Fund as a result of its investments in other investment companies managed by the Advisor, but excluding any acquired fund fees and expenses incurred by the Fund as a result of its investments in unaffiliated investment companies, taxes, interest, brokerage fees, certain insurance costs, and extraordinary and other non-routine expenses) do not exceed the amounts shown below as a percentage of each Fund's average daily net assets. The expense limitation agreement will remain in place through December 31, 2024. Thereafter, the expense limitation agreement for the Funds will be reviewed annually by the Advisor and the Board.

| | Class |
|---|-------|
| Penn Capital Mid Cap Core Fund | 1.06% |
| Penn Capital Opportunistic High Income Fund | 0.72% |
| Penn Capital Short Duration High Income Fund | 0.54% |
| Penn Capital Special Situations Small Cap Equity Fund | 1.09% |

Institutional

Any waived or reimbursed expenses by the Advisor to the Funds excluding any waivers related to acquired fund fees and expenses incurred by the Funds as a result of its investments in other investment companies managed by the Advisor, are subject to repayment by a Fund in the three years following the date the fees were waived or the expenses were paid, provided that the respective Fund is able to make the repayment without exceeding the Fund's expense limitation in place when the fees were waived or expenses paid. The Advisor's waived fees and paid expenses that are subject to potential recoupment are as follows:

| Fiscal Period Incurred |] | Amount Waived/ Expense Assumed | Amount Recouped | | Amount Subject to Potential ecoupment | Year of Expiration |
|--------------------------------|----|---|--------------------|----|--|-----------------------|
| Penn Capital Mid Cap Core Fund | | | | | | |

⁽¹⁾ Period from July 1, 2021 through August 31, 2021.

Distribution Agreement

Foreside Fund Services, LLC is the Trust's distributor and principal underwriter (the "Distributor").

Agreements with the Administrator, Transfer Agent, and Custodian

U.S. Bancorp Fund Services, LLC ("Fund Services"), doing business as U.S. Bank Global Fund Services, serves as the Funds' administrator. For providing administrative and accounting services, Fund Services is entitled to receive a monthly fee, subject to certain minimum and out of pocket expenses.

Fund Services serves as the Funds' transfer and dividend disbursing agent. For providing transfer agent services, Fund Services is entitled to receive a monthly fee, subject to certain minimum and out of pocket expenses.

U.S. Bank, N.A. (the "Custodian") provides certain custodial services to the Funds. The Custodian is entitled to receive a monthly fee, subject to certain minimum and out of pocket expenses.

Shareholder Servicing Plan

The Trust has adopted a Shareholder Servicing Plan on behalf of each Fund's Institutional Class. Under the plan, each Class can pay for non-distribution related shareholder support services ("service fees") in an amount up to 0.15% of its average daily net assets. The amount actually incurred by the Institutional Class shares for the current fiscal period on an annualized basis was 0.03% for the Penn Capital Mid Cap Core Fund, 0.02% for the Penn Capital Opportunistic High Income Fund, 0.02% for the Penn Capital Short Duration High Income Fund and 0.02% for the Penn Capital Special Situations Small Cap Equity Fund.

⁽²⁾ Includes fees waived that are not subject to potential recoupment.

Other Related Party Transactions

The Advisor and its affiliates have made investments in the Funds and accordingly, as shareholders of the Funds, pay a proportionate share of the Funds' investment advisory fees and other expenses identified in the Funds' Prospectus.

4. Federal Tax Information

It is each Fund's intention to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code and distribute all of its taxable income. Accordingly, no provision for federal income taxes is required in the financial statements.

The amount and character of income and capital gain distributions to be paid, if any, are determined in accordance with federal income tax regulations, which may differ from GAAP. These differences are primarily due to differences in the timing of recognition of gains or losses on investments. Permanent book and tax basis differences, if any, may result in reclassifications to distributable earnings and additional paid-in capital.

The following information is provided on a tax basis as of August 31, 2023:

| | Penn Capital Mid Cap Core Fund | Penn Capital Opportunistic High Income Fund | Penn Capital Short Duration High Income Fund | Penn Capital Special Situations Small Cap Equity Fund |
|--|--------------------------------------|--|---|---|
| Cost of investments | \$ 11,434,823 | \$ 25,972,439 | \$ 31,600,606 | \$ 41,113,399 |
| Gross unrealized appreciation | 2,477,664 | 263,944 | 87,187 | 3,991,015 |
| Gross unrealized (depreciation) | (613,939) | (1,065,299) | (564,274) | (3,495,962) |
| Net unrealized appreciation (depreciation) | 1,863,725 | (801,355) | (477,087) | 495,053 |
| Undistributed ordinary income | 42,112 | 7,003 | 4,533 | 111,188 |
| Undistributed long-term capital gains | 1,294,665 | <u>=</u> | <u> </u> | 105,784 |
| Total distributable earnings | 1,336,777 | 7,003 | 4,533 | 216,972 |
| Other accumulated losses | | (2,230,982) | (2,617,307) | |
| Total accumulated earnings (losses) | \$ 3,200,502 | \$ (3,025,334) | \$ (3,089,861) | \$ 712,025 |

Net investment income and net realized gains and losses for federal income tax purposes may differ from that reported on the financial statements because of permanent book-to-tax differences. GAAP requires that permanent differences between financial reporting and tax reporting be reclassified between various components of net assets.

These differences are primarily due to net operating losses. On the Statement of Assets and Liabilities, the following adjustments were made:

| | Dist | ributable | | | |
|---|------|-----------|--------|-----------|--|
| | E | arnings | Paid-I | n Capital | |
| Penn Capital Special Situations Small Cap Equity Fund | \$ | (469) | \$ | 469 | |

The Funds intend to utilize capital loss carryforwards to offset future realized gains. Capital loss carryforwards available for federal income tax purposes are as follows:

| | Capital Loss Available Through | C | hort-Term apital Loss Amounts | Long-Term Capital Loss Amounts | | |
|--|--------------------------------------|----|-------------------------------------|--------------------------------------|-----------|---|
| Penn Capital Opportunistic High Income Fund | unlimited | \$ | 846,907 | \$ | 1,384,075 | _ |
| Penn Capital Short Duration High Income Fund | unlimited | | 1,955,605 | | 661,261 | |

A regulated investment company may elect for any taxable year to treat any portion of the qualified late year loss as arising on the first day of the next taxable year. Qualified late year losses are certain capital and ordinary losses which occur during the portion of the taxable year subsequent to October 31 and December 31, respectively. For the fiscal period ended August 31, 2023, there were no deferred Post October Losses to report.

The character of distributions for tax purposes paid during the fiscal period ended August 31, 2023, is as follows:

| | Ordinary Income stributions | Long-Term Capital Gain Distributions | |
|---|-----------------------------------|--|---------|
| Penn Capital Mid Cap Core Fund | \$ 16,811 | \$ | 46,920 |
| Penn Capital Opportunistic High Income Fund | 1,429,097 | | _ |
| Penn Capital Short Duration High Income Fund | 1,405,413 | | _ |
| Penn Capital Special Situations Small Cap Equity Fund | _ | | 277,739 |

5. Trustee and Officer Compensation

The Trustees of the Trust receive an annual retainer and meeting fees for meetings attended. An employee of Vigilant-Compliance, LLC serves as Chief Compliance Officer of the Trust. Vigilant Compliance, LLC is compensated for the services provided to the Trust. Employees of the Trust serve as President, Chief Financial Officer, Chief Operating Officer, Secretary and Director of Marketing & Business Development of the Trust. They are compensated by the Trust for services provided. Certain employees of U.S. Bancorp Fund Services, LLC serve as officers of the Trust. They are not compensated by the Funds or the Trust. For Trustee and Officer compensation amounts, please refer to the Statement of Operations.

6. Investment Transactions

The cost of security purchases and the proceeds from security sales, other than short-term investments, during the current fiscal period, were as follows:

| | Non-U.S. | | nt | | | |
|---|--------------|---------------|-----|--------|-------|---|
| | Purchases | Sales | Pui | chases | Sales | |
| Penn Capital Mid Cap Core Fund | \$ 4,807,322 | \$ 10,109,421 | \$ | | \$ | |
| Penn Capital Opportunistic High Income Fund | 12,992,978 | 6,063,369 | | _ | | _ |
| Penn Capital Short Duration High Income Fund | 5,693,366 | 18,439,687 | | _ | | _ |
| Penn Capital Special Situations Small Cap Equity Fund | 19,979,021 | 17,148,871 | | _ | | _ |

7. Capital Share Transactions

| | Penn Capital Mid Cap Core Fund September 1, 2023 - February 29, 2024 | Penn Capital Opportunistic High Income Fund September 1, 2023 - February 29, 2024 | Penn Capital Short Duration High Income Fund September 1, 2023 - February 29, 2024 | Penn Capital Special Situations Small Cap Equity Fund September 1, 2023 - February 29, 2024 |
|--|---|---|--|--|
| Institutional Class Shares | | | | |
| Shares sold | 45,749 | 887,098 | 32,891 | 721,429 |
| Shares issued in reinvestment of dividends | 142,171 | 106,653 | 81,997 | 14,501 |
| Shares redeemed | (492,360) | (180,270) | (1,488,469) | (466,625) |
| Net increase (decrease) | (304,440) | 813,481 | (1,373,581) | 269,305 |

8. Credit Risk, LIBOR and Asset Concentration

Small- and mid-capitalization companies may not have the size, resources and other assets of large capitalization companies. As a result, the securities of small- and mid-capitalization companies may be subject to greater market risks and fluctuations in value than large capitalization companies or may not correspond to changes in the stock market in general. In addition, small- and mid-capitalization companies may be particularly affected by interest rate increases, as they may find it more difficult to borrow money to continue or expand operations, or may have difficulty in repaying any loans.

High yield securities and unrated securities of similar credit quality have speculative characteristics and involve greater volatility of price and yield, greater of liquidity risk, and generally reflect a greater possibility of an adverse change in financial condition that could affect an issuer's ability to honor its obligations.

There are a number of risks associated with an investment in bank loans, including credit risk, interest rate risk, liquidity risk and prepayment risk. Lack of an active trading market, restrictions on resale, irregular trading activity, wide bid/ask spreads and extended trade settlement periods may impair the Fund's ability to sell bank loans within its desired time frame or at an acceptable price and its ability to accurately value existing and prospective investments. Extended trade settlement periods may result in cash not being immediately available to the Fund. As a result of such illiquidity, the Fund may have to sell other investments or engage in borrowing transactions to raise cash to meet its obligations.

A Fund may invest in certain instruments that rely in some fashion upon London Interbank Offered Rate ("LIBOR"). LIBOR is an average interest rate, determined by the ICE Benchmark Administration, that banks charge one another for the use of short-term money. The United Kingdom's Financial Conduct Authority, which regulates LIBOR, announced plans to phase out the use of LIBOR by the end of 2021. The FCA and ICE Benchmark Administrator have since announced that most LIBOR settings will no longer be published after December 31, 2021 and a majority of U.S. dollar LIBOR settings will cease publication after June 30, 2023. The U.S. Federal Reserve, based on the recommendations of the New York Federal Reserve's Alternative Reference Rate Committee (comprised of major derivative market participants and their regulators), has begun publishing SOFR that is intended to replace U.S. dollar LIBOR. Proposals for alternative reference rates for other currencies have also been announced or have already begun publication. Uncertainty related to the liquidity impact of the change in rates, and how to appropriately adjust these rates at the time of transition, poses risks for the Funds. The effect of any changes to, or discontinuation of, LIBOR on the Funds will depend on, among other things, (1) existing fallback or termination provisions in individual contracts and (2) whether, how, and when industry participants develop and adopt new reference rates and fallbacks for both legacy and new instruments and contracts. The expected discontinuation of LIBOR could have a significant impact on the financial markets in general and may also present heightened risk to market participants, including public companies, investment advisers, investment companies, and broker-dealers. The risks associated with this discontinuation and transition will be exacerbated if the work necessary to effect an orderly transition

to an alternative reference rate is not completed in a timely manner. Accordingly, it is difficult to predict the full impact of the transition away from LIBOR on the Funds until new reference rates and fallbacks for both legacy and new instruments and contracts are commercially accepted and market practices become settled.

9. Line of Credit

The Funds have a \$10,000,000 uncommitted, unsecured, umbrella 365-day line of credit, for temporary purposes, including to meet redemption requests. The interest rate as of February 29, 2024 was 8.50%. During the current fiscal period, the Penn Capital Mid Cap Core Fund, the Penn Capital Opportunistic High Income Fund, and the Penn Capital Short Duration High Income Fund did not use the credit line.

During the current fiscal period, line of credit activity for the Penn Capital Special Situations Small Cap Equity Fund was as follows:

Amount

| Amount Outstanding as of | | | | | | | | | Average |
|---|----|--------------------|-------|-----------------|----|-------------------|----|----------------------|------------------|
| Fund | | werage rrowings | Febru | uary 29, 024 | | nterest xpense | | Maximum Borrowing | Interest Rate |
| Penn Capital Special Situations Small Cap Equity Fund | \$ | 48,978 | \$ | _ | \$ | 2,105 | \$ | 4,233,000 | 8.50% |

10. Recent Accounting Pronouncements and Regulatory Updates

In June 2022, the FASB issued Accounting Standards Update 2022-03, which amends Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions ("ASU 2022-03"). ASU 2022-03 clarifies guidance for fair value measurement of an equity security subject to a contractual sale restriction and establishes new disclosure requirements for such equity securities. ASU 2022-03 is effective for fiscal years beginning after December 25, 2023 and for interim periods within those fiscal years, with early adoption permitted. Management is currently evaluating the impact of these amendments on the financial statements.

In October 2022, the SEC adopted a final rule relating to tailored shareholder reports for mutual funds and exchange-traded funds and fee information in investment company advertisements. Beginning in July 2024, the Funds will be required to transmit concise and visually engaging shareholder reports that highlight key information. The Funds will also be required to tag information in a structured data format and that certain more in-depth information be made available online and available for delivery free of charge to investors on request.

In December 2022, the FASB issued an Accounting Standards Update, ASU 2022-06, *Reference Rate Reform (Topic 848)* – *Deferral of the Sunset Date of Topic 848* ("ASU 2022-06"). ASU 2022-06 is an amendment to ASU 2020-04, which provided optional guidance to ease the potential accounting burden due to the discontinuation of the London Inter-Bank Offered Rate and other interbank-offered based reference rates and which was effective as of March 12, 2020 through December 31, 2022. ASU 2022-06 extends the effective period through December 31, 2024. Management is currently evaluating the impact, if any, of applying ASU 2022-06.

11. Concentration Risks

The Advisor and its employees collectively have beneficial ownership, either directly or indirectly, of more than 20% of each of the Funds as of February 29, 2024. In addition to the Advisor, one or more individual investors own more than 10% of the Penn Capital Mid Cap Core Fund, the Penn Capital Opportunistic High Income Fund, the Penn Capital Short Duration High Income Fund, the Penn Capital Special Situations Small Cap Equity Fund as of February 29, 2024. To the extent multiple investors in the Funds rely on the advice of a common investment advisor the Funds may have the risk of a concentrated investor base.

12. Unfunded Commitments

The Funds may enter into unfunded loan commitments. Unfunded loan commitments may be partially or wholly funded. During the contractual period, the Funds are obliged to provide funding to the borrower upon demand. Unfunded loan commitments are fair valued in accordance with the valuation policy described in Note 2(a) and unrealized appreciation or depreciation, if any, is recorded on the Statements of Assets and Liabilities. As of February 29, 2024, there were no unfunded commitments to report.

13. Subsequent Events

Management has evaluated the impact of all subsequent events on the Funds through the date the financial statements were issued and has determined that there were no significant events requiring recognition or disclosure in the financial statements.

THE RBB FUND TRUST ADDITIONAL INFORMATION FEBRUARY 29, 2024 (UNAUDITED)

Proxy Voting Policies

A description of the policies and procedures that each Fund uses to determine how to vote proxies relating to portfolio securities owned by that Fund is available: (1) without charge, upon request, by calling 844-302-7366; (2) in the Statement of Additional Information on the Trust's website www.penncapitalfunds.com; and (3) on the SEC's website at www.sec.gov. Information about how the Funds voted proxies relating to portfolio securities during the most recent 12 month period ended June 30 may be obtained (1) without charge, upon request, by calling 844-302-7366 and (2) on the SEC's website at www.sec.gov.

Form N-PORT

Each Fund will file its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Part F of Form N-PORT. The Funds' Part F of Form N-PORT will be available on the EDGAR database on the SEC's website at www.sec.gov.

Householding

In an effort to decrease costs, the Funds intend to reduce the number of duplicate prospectuses, annual and semi-annual reports, proxy statements and other similar documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders that the transfer agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call (844) 302-7366 to request individual copies of these documents. The transfer agent will begin sending individual copies thirty days after receiving your request to stop householding. This policy does not apply to account statements.
